

Language Lab Worksheet: Salt, Spit, and Superstitions We Believe In

Vocabulary List:

1.  **Imbedded** - To "embed" (or "imbedded," if you're using the older or British spelling) means to firmly fix something in place.
2.  **Reflections** (but actually meant "reflexes") - both are reactions — one just involves mirrors and deep thoughts, the other involves dodging falling pianos.
3.  **Tip over** - When something falls because it lost balance.
4.  **Designated** - It means someone officially chosen for a role.
5.  **Staple** - something essential or super common.
6.  **Liquor** - Strong alcohol.
7.  **Placebo effect** - When your brain is tricked into healing because it *thinks* something is helping. L
8.  **Clockwise/Counterclockwise** - Clockwise = turning the same way as clock hands. Counterclockwise = rebellious clock energy.
9.  **Expel** - To force something out. Could be air, a student, or demons.
10.  **Ladder** - Literally something you climb. Figuratively, it can be a "ladder to success" or "ladder to trouble."
11.  **Jinx** - something that brings bad luck. OR If you say something at the same time as someone else, yell "jinx!" It's childhood law.
12.  **Trajectory** - The path something takes through the air—or life.
13.  **Manifest** - To make something happen by believing it really hard.
14.  **Calling someone names** - It means insulting someone. Usually creatively.
